Nootboom photo competition hugely popular Winner: Poul Erik Stenger

The photo competition commission was delighted with the many entries for the 'Photo of the Year' competition. Beautiful photographs were sent in, from virtually every country in Europe. Of course there can only be one winner and for 2004 this is Mr. Poul Erik Stenger from Denmark. His entry will be published as the main photograph in the new Nootboom Special Transport calendar. As the winner Poul Erik will receive a digital camera and a Nootboom scale model in 1:50. In second place came Wilbert Stroo from the Netherlands and Dave Lee from England was third.

They will each receive a scale model in 1:50. Apart from the winners' entries, several other photographs that were entered have been published in the Special Transport calendar. To thank these participants we have sent them a copy of the book 'Giants on the Road, volume 2'.

Photo competition 2005
In view of the enormous popularity of the 2004 photo competition, it is to be continued in 2005. From now on you can send in your photographs and each month we will choose one entry for the 'Photo of the Year' competition. Closing date is 1 October 2005. The competition rules, prices and photo tips are identical to those published in the Shop Newsletter 'summer 2004'.

Step out safely

Nootboom neXt safety shoes

New in the collection is the Nootboom 'neXt' safety footwear. This shoe is made of high-quality leather, has the safety designation 'S3' and the sole and toe cap are reinforced with steel. The shoe also has an anti-static sole that absorbs shocks and has maximum grip to prevent slipping. Unlike most other safety footwear, the 'neXt' safety shoe is light in weight and extremely comfortable to wear.

The Nootboom safety shoes are available in sizes 39 to 47.

Price: € 89,-.

Special Transport Calendar 2005

The latest Nootboom Special Transport calendar. With nearly 100 photographs this calendar is real collector's item for the special and heavy transport fan.

Nootboom Teletrailer

Herpa

1:87

Triple extendible

Good news at last for the collectors of scale models in 1:87. At the international Spielwarenmesse (Nuremberg from 10-15 February 2005), HERPA will introduce the Nootboom 3XL Teletrailer.

Unique in 1:87

In developing this Nootboom 3XL Teletrailer, HERPA has pulled out all the stops and produced something special. As far as we know this is the very first semi-trailer, in scale 1:87, that is triple extendible. And what's more, the semi-trailer is equipped with steered axles that are inter-linked. When one of the axles moves, all the other axles move along with it. This combination has never before been produced in scale 1:87.

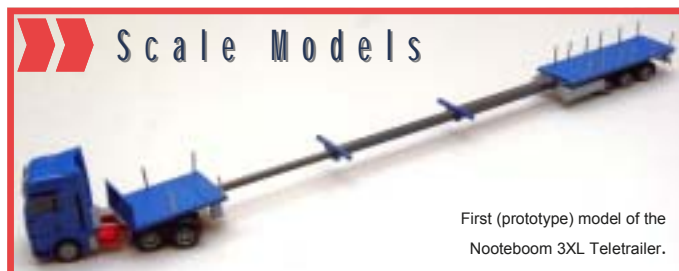

Presentation

The 3XL Teletrailer comes complete with the very latest Scania 6x4 tractor. The exact type of tractor will be announced just before the introduction. The combination, in the RAL 3002 red Nootboom livery, is presented in special Nootboom gift packaging.

Available from 10 February

From 10 February onwards this unique model will be available in the Nootboom Shop

First (prototype) model of the Nootboom 3XL Teletrailer.

only. Not before the second part of 2005 the model will be available via HERPA and its retailers. Orders for the model will be accepted from the end of January 2005, for instance via de Nootboom website.

Keep warm this winter

With the Nootboom 'All Season' Parka

The Nootboom 4-seasons Parka is extremely popular. This 2-in-1 Outdoor Parka is made of top-quality breathable material with a detachable fleece zipped inside. Either can be worn separately. With the coming winter on our doorstep, this coat will give you maximum protection against the cold. This coat will also make you safer when it is dark, because the special 3M reflecting stripes ensure you stay visible in the dark. As well as in striking 'fire engine' red, the coat is now also available in navy blue. The parka comes in sizes S until XXXL.

Price: € 109,-.
